

The Utility Technology Forum has been rescheduled

The Utility Technology Forum is Rescheduled to April 12-15

Evening Welcome Reception: Monday, April 12th

Exhibits: Tuesday, April 13th – 14th

Sessions and Membership Meetings: Full days on Tuesday, April 13th and Wednesday, April 14th. Half day of Thursday, April 15th.

We are excited to announce that the Utility Technology Forum will take place April 12-15, 2021, at the Silver Legacy Resort Casino in Reno, NV.

In light of the most recent announcement from Governor Steve Sisolak (NV), UTC has decided to reschedule the dates of the Utility Technology Forum, taking place in Reno, NV.

On January 11, 2021, Sisolak announced that all restaurants and businesses should remain at 25% capacity and continue COVID-19 safety protocols and this precaution will not be lifted for at least another two weeks. The Governor also rolled out a revised "[COVID-19 Playbook](#)," which includes a revised timeline for vaccine distribution to essential workers, public safety workers and the senior citizens of Nevada. As of this announcement, over 12,000 Nevadans have received the COVID-19 vaccine, as stated by the [Nevada Department of Health and Human Services](#).

The decision to move this meeting to April 12-15, 2021 will ensure that we continue to meet our commitment to keep the safety and health of our attendees, staff and Reno community as our number one priority. Below are the links to both UTC's and the Silver Legacy's Health & Safety Protocols.

We look forward to welcoming you to Reno in April. We know our community will come together and play a significant role in helping everyone through these times. The UTC team extends to all our best wishes for health and a safe course forward.

Thank you,

Karnel Thomas
