

# REQUEST TO JOIN A UTC DIVISION OR COMMITTEE

UTC invites its members to participate in our Committees and Divisions. Each UTC Committee or Division focuses on a specific technology or regulatory area, with members sharing their insights, experiences, and questions.

Committee and Division members share their ideas and queries on special forums on UTC NetWorks, take part in monthly conference calls, attend webinars on timely and relevant issues. If you or someone in your organization would be interested in participating, please identify your preferences below then return this form via email to [membership@utc.org](mailto:membership@utc.org).

Send any questions you have about UTC Committees and Divisions to the same email box. The Charters for each of these groups are posted in the Open Forum Library in UTC NetWorks ([networks.utc.org/home](http://networks.utc.org/home))

**Please fill out the information below and select the committees in which you would like to participate, on the the next page:**
